NSF REGISTERED FOOD SAFE DISINFECTANT

VITAL OXIDE

Kills 99.999% Bacteria & Viruses

- E.Coli

- Listeria

- Influenza

- Salmonella

- Mold & Mildew

EPA & NSF REGISTERED HOSPITAL GRADE DISINFECTANT

Vital Oxide is so effective that it kills 99.999% of viruses & bacteria including E.Coli, Salmonella and Listeria. It is so effective that many hospitals prefer to use it. Yet, it is so mild you can wash your hands in it and it will not harm, discolor or deteriorate the surface it is used on.

WORKS FAST AND VERY EFFECTIVE

Kills dangerous bacteria in as little as 30 seconds. Simply spray on and let it do the work for you. No rinse or wipe required. Vital Oxide won't alter the taste of the food and is safe to use on food preparation surfaces including countertops, cooktops and cutting boards.

#1 Product For Kitchens!

Vital Oxide is environment friendly, 100% biodegradable, Hypo-Allergenic, Non-irritating to skin, Non-Corrosive, No VOC's, Fragrance Free, and No Rinse Required.
